

PRESS RELEASE

Solaris invites to the Busworld 2023 trade fair

Bolechowo, 07.08.2023

Solaris will display two zero-emission buses at Busworld 2023. Both the Urbino 18 electric bus equipped with a new generation of batteries and the articulated hydrogen bus represent two important areas of the manufacturer's e-mobility offering. Solaris invites to a press conference on October 6th, as well as to #SolarisTalk, a series of presentations and talks on innovative public transport.

Busworld is one of the most important events in the public transport industry, where innovations in the field of buses, the latest trends, and advanced technologies towards cleaner propulsion are showcased. This year's 26th edition will take place from October 7th to October 12th, 2023, in Brussels.

Two emission-free buses

Solaris, the European leader in e-mobility for public transport, will exhibit two zero-emission products representing fundamental areas of the company's development: battery and hydrogen bus.

Urbino 18 electric is a vehicle based on a new architecture of electric driveline, equipped with a new generation of batteries to ensure an increased range. The Urbino 18 hydrogen, on the other hand, is a hydrogen-cell powered bus having unveiled in 2022 and becoming increasingly popular with transport operators.

Press conference and #SolarisTalks

On Friday, at the press day, October 6th at 11:00 a.m., Solaris invites to the press conference, during which the company will provide an insight into its latest products and technologies, and present development plans. Additionally, the manufacturer will host #SolarisTalks, a series of presentations and talks on e-mobility. Solaris organizes #SolarisTalks for the fourth time, creating a platform for valuable conversations about the future of urban transport and sustainable solutions.

See you in Brussels in Autumn!

About our company

Solaris Bus & Coach sp. z o.o. is one of the leading European bus and trolleybus manufacturers. Benefiting from 27 years of experience and having manufactured over 23,000 vehicles, Solaris affects the quality of city transport in hundreds of cities across Europe every day. Thinking of the future, the firm is setting new standards by dynamically developing its products, in particular in the electromobility sector. Solaris electric buses, trolleybuses and hydrogen buses are cutting-edge solutions for zero emission public transport. Solaris products have been repeatedly awarded for quality and innovation. The Solaris Urbino 12 electric won the prestigious European "Bus of the Year 2017" competition. In September 2018 Solaris Bus &
